

Subject: Re: Directive 2022-04 (ALPR Program)

From: "Blanchard, Eric" [REDACTED]

Date: 4/10/2023, 8:15 AM

To: APPD All Staff [REDACTED]

EFFECTIVE IMMEDIATELY

This directive has been updated to fix a few issues and to include a "flock" disposition on calls where the system played a role. It's important that you document that disposition as a secondary or tertiary disposition so I can keep a count for grant reporting purposes. I must provide quarterly reports on this system and I cannot do so accurately without your help in entering these dispo's to calls.

Dispo examples:

We receive repeated complaints of a suspicious subject in a particular car hanging around the kiddo pool. City Staff is concerned he might be up to no good. A search of Flock reveals a certain sex offender registered vehicle keeps getting picked up around the time of the complaints. Officers catch up with the fella and confirm it's him, issuing him a citation for the City Ordinance violation of going within so many feet of a child safety zone. (Dispo should indicate Flock since it was useful in resolving this call.)

Officers take a stolen vehicle report from a resident. Hours later, the vehicle hits on Flocksafety coming into town near Fairfield Inn. Officers respond and recover the stolen vehicle. (Dispo should indicate Flock since it's alert resulted in this recovery.)

Thanks,
